To Whom it may concern;

I am writing to recommend Ariel Beverly for the job of Art Teacher. I have known Ariel as her cooperating teacher during her student teaching the fall of 2017. She has also subbed for me at my school while I was out of the classroom this semester.

I found Ariel to excellent in this capacity, she had a real connection with the students and engaged them in learning. A number of students will still mention he while we are working on projects.

Based on our experiences together, I can give her my highest recommendation for the position. I am confident she will exceed as an art teacher.

Sincerely,
Jim Reckard
Head of the Art Department
